Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Discussed the 103 rejection and came to an agreement after the interview with a discussion with Sheela Huff and Anthony Caputa that the art of record falls because there is no motivation to separate an immune system inhibitor with an antibody as opposed to the art of record which uses size exclusion. In addition, non-elected claims directed to covalent attachment to an inert medium would be allowed as well as those claims directed to a peptide as the binding partner.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)

i) ☒ It is not necessary for applicant to provide a separate record of the substance of the interview (if box is checked).
